PREFACE.

Facts about North Carolina (as of August 1st, 1919). Furnished by The Chamber of Commerce.

Population, July 1, 1916 (U. S. Census) 25,061
Population estimated August 1, 1919 28,000
Population (including East Durham and West Durham) estimated August 1, 1919 35,000

Geographically, Durham is located in the center of the State of North Carolina, in north latitude 36 degrees, west longitude 79 degrees, and is 406 feet above sea level. The city is situated on the back of a ridge in the Piedmont section of the State. It enjoys a delightful climate with 62 per cent. sunshine days. Its naturally healthful environment has been augmented by the establishment of a well organized and splendidly equipped health department.

Durham, with a population of 6,649 in 1900, had 18,241 in 1910.

Durham has an area of 3.87 square miles.

Durham is on the Southern, Seaboard Air Line, Norfolk & Western, Durham & Southern and Durham & South Carolina Railroads.

Durham is on the Quebec-Miami, Capital-to-Capital, Central, Southern National, Bankhead National and All-Southern Transcontinental automobile highways.

Durham is now engaged in building $2,000,000 worth of asphalt streets.

Durham county is building hard surface roads from Durham to the county lines in all directions, and is treating old macadam roads with an asphaltic top.

Durham has a street railway reaching all parts of the city and suburbs.

Durham's assessed value of real and personal property is $27,500,000.

Durham has excellent hotel accommodations; 46 churches, practically every denomination being represented; the only absolutely free public library in the State; a well equipped Y. M. C. A., and a splendid Academy of Music, which is owned by the city.

Durham has nine banks (including the Morris Plan Bank and one colored bank).

Durham is the home of the largest negro life insurance company in the world—The North Carolina Mutual Life Insurance Co.

Durham owns its water plant, which was constructed at a cost of $900,000. The State Board of Health has certified that Durham has the purest water in the State.

INDUSTRIAL.

Durham has a healthy industrial atmosphere, as indicated by its many prospering industries, which are constantly adding to their capacity. Industries seeking a location will find here admirable transportation facilities, an abundance of electrical power, furnished by the Southern Power Company and the Durham Traction Company, and excellent labor conditions.

Tobacco—Durham is in the heart of the famous Piedmont section, and has long been known as the center of the tobacco manufacturing industry. There are four warehouses for the sale of tobacco grown in this vicinity. Durham is widely known as a tobacco manufacturing center, being the home of "Bull Durham" granulated smoking tobacco, made by the American Tobacco Company; "Duke's Mixture," made by Liggett & Myers Tobacco Company, as well as Sovereign, Piedmont, Chesterfield, Fatima and many other well known brands of cigarettes. The exporters re-dry and ship abroad several million pounds of leaf tobacco annually. The Imperial Tobacco Company has here one of the handsomest factory buildings in the South, the largest and most up-to-date plant in the world used exclusively for re-drying tobacco, having a capacity of 20,000,000 pounds a season, and storage for 5,000 hogsheads.

Cotton—Durham has two large mills and bleacheries of the Erwin Cotton Mills, making wide sheetings, pillow cases and linens. There are also three cotton mills making large quantities of ginghams, sheetings and hosiery yarns. Durham also has the largest cotton bag mill in the world—The Golden Belt Manufacturing Company.

Hosiery—Durham is the home of the Durham Hosiery Mills, the largest manufacturers of seamless hosiery in the world. Its brand, "Durable Durham," is known in all parts of the United States. It

203 -107

is capitalized at $9,600,000, and will erect in the near future a large mill for the manufacture of silk hosiery.

Other Industries—Durham has one of the largest and most completely equipped fertilizer plants in North Carolina, that of the Virginia-Carolina Chemical Company. Here also is the large flour milling plant of the Austin-Heaton Company, with a capacity of 800 barrels a day. There are several large lumber plants, supplying any quantities of all grades of building material. Other products: Blank books, castings and iron products, cigars, harness, ice, mattresses, overalls and wagons.

A FEW INCREASES IN DURHAM, AS SHOWN BY THE LATEST UNITED STATES CENSUS REPORT.

	Census— 1914.	1909.	Per cent. of increase 1909-1914.
Persons engaged in manufactures	5,453	4,006	36.1
Primary horsepower	8,465	5,217	62.3
Capital	$17,752,000	$14,956,000	18.7
Services	2,366,000	1,375,000	72.1
Materials	12,503,000	9,654,000	29.5
Value of products	27,597,000	23,027,000	19.8

EDUCATIONAL.

Public Schools—Durham has educational facilities superior to those of most cities of its size. The public school system ranks with the best in the South. There are six schools for white children, and three for colored pupils.

Trinity College—Durham is the home of Trinity College (co-educational), one of the leading institutions of learning, and the most liberally endowed, in the South (with one exception). Trinity has a very attractive campus of 102 acres, and holdings valued at about $3,000,000, including 24 buildings. The endowment is $1,641,003.79.

There are seven other colleges within fifty miles, including the University of North Carolina at Chapel Hill, twelve miles distant.

Other Institutions—Durham is the home of the Southern Conservatory of Music, affording vocal and instrumental instruction to young men and women, who come from many States. The Durham Business School affords instruction in day and night sessions, in bookkeeping, stenography, typewriting and salesmanship.

DURHAM COUNTY.

Durham County, of which Durham is the county seat, has a great variety of soils adapted to the growing of tobacco, cotton, grasses, produce and fruits. The farmers' products find a ready market in Durham. The farm lands respond readily to intelligent treatment, land being worth from $15 to $100 per acre, depending upon the distance from Durham. The county has a free school system, with eight months term. There are two Farm Life Schools, and the county employs agricultural and home demonstration agents.

For further information, address Chamber of Commerce, Durham,

INDEX TO ADVERTISEMENTS

Reference is especially invited to the following alphabetical list of responsible, enterprising, advertising business men. The more you patronize them the better we can make the Durham City Directory; your attention is also invited to the names in display **BLACK TYPE** throughout the book of those who take pride in sustaining the Directory, and who do not borrow their neighbor's Directory:

Willard STORAGE BATTERY

Working for a Million Car Owners

Are you letting Willard work for you?

Car owners everywhere are getting the habit of making their regular monthly trip to the Willard Service Station the most important item in the care of their battery.

Willard Service is not ordinary battery service. It is factory trained experts co-operating with you to keep your battery on the job.

And if you join the army of car owners for whom Willard works you will know that this pays big returns in bright lights, quick starting, faultless ignition, as well as in dollars and cents.

We're *your* Willard Service Station. We have the equipment to give you the best battery service, and we're backed by the Willard Organization.

We have a rental battery for your use if yours needs repairs.

"Every bag of V-C Fertilizer made 100 pounds of pork!"

"YOU remember in the spring, Bill, I applied V-C Fertilizer to that corn land. You were a "Doubting Thomas." You didn't think 'twould pay. Where **no** fertilizer was used, my yield was about the same as yours, but where the crop was fertilized, the yield per acre was 13 bushels **more**. It cost me about $3 to get those extra 13 bushels.

"Now I've turned in my hogs. Those 13 bushels of corn will make more than 100 pounds of hog meat. It's just plain business sense to convert $3 worth of fertilizer into $20 worth of pork. 50 acres of my corn land will make $1,000 more profit on hogs than was possible without V-C."

There are lots of men like Bill whose farms are under-productive because they do not replace the plant foods each crop extracts.

Others like Mr. McIver Williamson, of South Carolina, use from 1400 to 2000 pounds to the acre and not only make more corn but make it at a much lower cost per bushel—and enrich the land as well. They convert chemicals into cash.

V-C Fertilizers contain every element needed to make both stalk and grain.

Important to Order Early.

Freight cars are scarce. Give the dealer your order so that he can have cars loaded to maximum capacity.

Pleasant, Tenn., Baltimore, Md., Cincinnati, Ohio, Fort Wayne, Ind., New York City.

V-C Fertilizers

Fertilizers

Feed the Fields that Feed the World!

THE world is asking for bread and meat. Bigger crops cannot be raised by increasing your acreage, the shortage of labor makes that impossible. To meet the demand for bread more grain must be raised on the acres you now cultivate.

You must fertilize. You cannot ship away more fertility in the form of bigger crops unless you bring more fertility in.

To raise more livestock, we must have more feed. The only way to grow more feed, is to add to your soils supplies of plant food. Upon the use of fertilizers depends both bread and meat.

In the vast storehouses in the earth, Nature provided food for the soil, Nitrates and Phosphates, just as she provided food for man and beast. These plant foods we gather from the four corners of the globe, and make into V-C Fertilizers that are balanced crop rations—that benefit the crop immediately—nourish it from seed time until harvest. The crop is not overfed on one element and starved for the lack of another.

Freight is Congested—Order Early!

We have more than 50 factories in the North, South, East and Middle-West. We are able to get fertilizers to you with a minimum amount of hauling, but the car shortage is serious. Fertilizers should be ordered early, so that the dealer can assemble his orders and have every car loaded to maximum capacity If you do not order **now** you may have to do without them!

When the fertilizers arrive, haul them home and store in your barn until you are ready to use them.

Write us for name of dealers near you who sell V-C Fertilizers.

Pianos and Inner-Players Worthy of Your Confidence

You can place absolute confidence in any Piano or Inner-Player you select here.

The immense Cable factories—the world's greatest—take pride in making instruments so good that there isn't the slightest chance of your being dissatisfied.

A broad and liberal guarantee—the guarantee of the makers, remember—is an additional reason why you should make your selection here.

Call or write for catalogs of
Cable-made Pianos or Inner-Players

There is little that is confined within the limits of your city, that has a name and location, that cannot be found in your directory.

It is the contents of your city between the covers of a book.

Can you intelligently be without it?

Consult the contents page—It's a revelation.

HILL DIRECTORY CO., Inc.

Home Office: 823 Mutual Building, Richmond, Va.

Hill's Southern Almanac

Published Annually Since 1891

Covering Virginia and North Carolina with unrivaled weather predictions for over thirty years.
